Date Submitted: July 1, 2019

Program Learning Outcomes	Curriculum Mapping	Assessment Methods	Use of Assessment Data
<i>What do you expect all students who complete the program to know, or be able to do?</i>	<i>Where is the outcome learned/assessed (courses, internships, student teaching, clinical, etc.)?</i>	<i>How do students demonstrate their performance of the program learning outcomes? How does the program measure student performance? Distinguish your direct measures from indirect measures.</i>	<i>How does the program use assessment results to recognize success and "close the loop" to inform additional program improvement? How/when is this data shared, and with whom?</i>

1) Students will create oral, written and digital

<p>5) Students will demonstrate cultural communication competence.</p>	<p>Learning outcome will be assessed for communication seniors in courses with final projects (e.g., CMM 3000; 3070; 3300; 4320; 4350; 4600; 4720; 4960)</p>	<p>Final Projects using Cultural Competence Value Rubric (DM) Questions on Senior Exit Survey (IM)</p>	<p>Data are shared with faculty at annual retreat and then discussed. Decisions are made about how to improve the program and/or the assessment strategies. Data also are used to acknowledge successes of the program. Data and conclusions are shared with the dean's office in our annual report in July.</p>
<p>6) Students will apply ethical communication principles and practices.</p>	<p>Learning outcome will be assessed for communication seniors in courses with an application essay that has an ethics component or through embedded exam questions (e.g., CMM 3000; 3070; 3200; 3300; 3440; 4070; 4410; 4420; 4600; 4700; 4960)</p>	<p>Embedded Exam Questions and/or Application Essay with Ethics Component using Ethics Rubric (DM) Questions on Senior Exit Survey (IM)</p>	<p>Data are shared with faculty at annual retreat and then discussed. Decisions are made about how to improve the program and/or the assessment strategies. Data also are used to acknowledge successes of the program. Data and conclusions are shared with the dean's office in our annual report in July.</p>

7) Students will recognize and address systemic injustice and inequity in pursuit of a just society.

Learning outcome will be assessed for communication seniors in courses with social justice assignments/project(r)-23-2.4(o)-4(j)-9.2(ect)

1. It is **not recommended** to try and assess (in depth) all of the program learning outcomes every semester. It is best practice to plan when each outcome will be assessed and focus on 1 or 2 each semester/academic year. Describe the responsibilities, timeline, and the process for implementing this assessment plan.

The Department will assess one program learning outcome each year. To make this plan manageable, faculty will apply rubrics to specific artifacts relevant to the outcomes being measured. Using a specialized coding system, each faculty member will input the rubric scores for his or her senior students into a spreadsheet. The assessment committee will then create a report using the aggregate data.
